

International Astronomy and Astrophysics Competition

Registration Costs Flyer

1. What are the registration costs?

The International Astronomy and Astrophysics Competition gives students around the world the opportunity to unleash their creativity and science skills! Such a global competition is attached to many costs which include human resources, technical infrastructure, materials, advertisement, and much more. Since IAAC is an independent and globally available competition, we are thankful for our sponsors that cover some of the expenses!

To make this opportunity on an international level possible, we ask the participants of the pre-final round to cover the registration costs of 8 USD. The registration costs are necessary to provide the resources for the evaluation of this year's competition and in particular for the comprehensive pre-final round. The pre-final registration costs will be used to make this global opportunity possible and are the only costs attached to this competition – no other costs have to be covered by the participants.

2. Do all participants have to pay the registration costs?

All qualified participants from the qualification round that want to register and continue with the pre-final round have to cover the registration costs:

FAQ: Do I must pay if I participate in the qualification round?: If you are successful in the qualification round, you are free to decide whether you want to register and continue with the pre-final round or not. You will always receive a certificate of your results in the qualification round!

FAQ: Are there any other costs or fees in other rounds?: No, the registration costs for the pre-final round are the only costs that have to be covered by the participants of this year's competition.

3. How to pay the registration costs?

We will inform all successful participants of the qualification round about the registration process for the pre-final round. Registration costs have to be covered before the pre-final round starts if you want to participate in the pre-final round. The costs can be covered with the common payment methods PayPal, credit/debit card and direct bank transfer. If you have any questions or issues, do not hesitate to send us a message: info@iaac.space
